Informative note Los Olivos 2026

From Mijas Golf we are pleased to inform all our customers that our course Los Olivos will be closed from the **6th of April 2026 until the 28th of February 2027 for a complete reform.**

In this refurbishment the 18 greens of the course will be completely renovated, together with all the areas near the green, including all the antegreenes and all the bunkers of the course.

This reform will return the course to the original design of Robert Trend Jones, redesigning some holes of the course, so that it will once again be a par 72 course.

Our aim is to be able to have our two courses at the same level of maintenance and quality.

Thank you very much for your understanding and support.
